IN REALM OF BANKERS, MERCHANTS AND BROKERS

BETTER TONE SHOWS IN WALL STREET

Adjustment of Securities Company Case Influences Share

NEW YORK, March 17.-The stock market gave indications today that the first phase of adjustment to the Northern Se-curities decision had been mostly completed. This would be the covering of short contracts put out in anticipation of tending professional element to take the market away from the bears.

tending professional element to take the market away from the bears.

The reduction of the short interest was palpable in today's market and there was evidence of attempts to take profits on the part of those who had gone long on stocks to help drive the bears to cover. It is probable that some of the buying since Monday for purposes of supporting prices also came into the market for resale aiding to cause the reactionary tendency, but the reaction was not extreme at any time and an effective rally was achieved before the end of the first hour. While the foreign markets were still in session the advices brought fresh offerings and held back the advance. Late in the day, after the close of the foreign markets, there was a decided revival in the demand for stocks and a greater breadth and animation in the buying than on previous days this week.

The buying was believed to be largely from what are called professional sources. Second lots of various leading stocks were bought all around the room, forming the appearance of participation by operators of a much larged callier than have been in the markets for many weeks. This movement was the outgrowth of the diacussion of the manner in which the market has acted under the operations of the past few days. It was argued that while the advance was plainly due to the covering of an unexpectedly large outstanding short interest and had been evidently taken advantage of for some very heavy realizing, some of it from influential sources, this realizing should have been absorbed in a way and with a conservation of the improved price level which indicated a betterment in the capacity of the market.

There was a crystallization of the feeling that a very important clearing away

the market.

There was a crystallization of the feeling that a very important clearing away had been effected by the Supreme court's action of Monday. The action of the foreign markets was taken to show a clearing up of danger of complications in European politics, and, aithough the exchanges abroad were affected today by the reduction of the short interest as ours was, the admitted revival of demand in the Iron and steel trade is believed to have had no adequate reflection in the stock tharket.

Relief is felt over the news that the soft

had no adequate reflection in the stock tharket.

Relief is feit over the news that the soft coal miners will accept the reduction in wages. The breaking of the drought in the Southwest is encouraging to holders of railroad stocks in that region, and the break in wheat and also in cotton today were taken as promising better prospects for both crops. While the discouragements overhanging the market are not all eliminated by this list of improved factors, the professional element in Wall street seemed to arrive at a common agreement today that some advance in prices was warranted by what his already been effected in clearing away the clouds on the situation. The not results are trains running from 1 to 2 points for all the prominent active stocks. St. Paul and Pejansylvania were notably active and strong.

The bond market showed a broadening tendency and was firm. Total sales, par value, \$1,825,600. United States bonds were unchanged on call.

READ IT THROUGH.

Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having hap-pened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my battle at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." All druggists,

SLIGHT RAISE IN PRICE OF POULTRY

Fresh Shipment of Olympia Oysters Comes In-Halibut Is Scarce-Vegetables Good.

There was a slight raise in the price of poultry yesterday, in spite of the fact that a fresh carload came in from the East. There have been so many shipments of Utah products brought in with-in the last few days that they are not too plentiful in the country, and consequently are worth more.

Fish is still strong in the market and Fish is still strong in the market and the demand is steady. Halibut is the only kind that is scarce. A consignment of Olympia cysters was brought in from Seattle. These are much in demand at the drug stores, and fetch £3.00 per gallon wholesale. New York cysters are still slow and the market is overstocked.

The quality of spring greenstuff is improving rapidly now; radishes in particular are very fine, and the Utah lettuces are selling well. The price has not gone down any, but as it is already fairly normal no pronounced abatement can be expected.

expected.

The continued bad weather and consequent bad state of the roads keeps up the price of grain and hay. A dry spell is much needed to put the market in better shape, but at present that seems unlikely for another month.

another movement, under which the market again weakened.

Before the decline was checked July sold off to \$3\frac{1}{2}c. During the last hour a better demand developed and a firmer feeling prevailed. July recovered nearly a cent of the loss, closing at \$9\frac{1}{2}6c.

Support from some viHp-bhv shrdlu Final figures on May were at \$4\frac{1}{2}6c.

Fair support from some of the big bull operators caused a comparatively steady tone in corn, notwithstanding the weakness in wheat. The close was steady and practically at last night's final figures. May closed at \$3\frac{1}{2}6c. July closed a shade higher at \$5\frac{1}{2}6c.

Weakness in wheat brought out considerable profit-taking in May oats by the tired holders and that delivery ruled easier. May closed at \$3\frac{1}{2}6c. July closed is up at \$3\frac{1}{2}6c.

Bears hammered the provision market and the hammering brought out some long stuff, causing a rather weak market. The close was near the bottom, with May pork 20c lower, lard 12\frac{1}{2}6c. Operand

NOTICE TO WATER USELS.

NOTICE TO WATER USELS.

State Engineer's Office, Sait Lake City, Utah, Feb. 26, 1901.—Notice is hereby given that Irving M. Higley, whose postoffice address is Sait Lake City, Utah has made application in accordance with the requirement of chapter 100 of the Session Laws of Utah, 180, to appropriate eighttenths (3-10ths) of a second-foot of water flowing from three certain springs altuated in lot 2, block 45, den-acre Plat A, Big Field survey, Sait Lake county, Utah, which springs are tributary to the Mill creek branch of Jordan river. The water is to be diverted by means of dams and ditches into ponds at various places on said described lot, where it will be used continuously from January lst to December 31st, inclusive, of each year for domestic purposes and for supplying said ponds with the water necessary for the spawning and propagating of fish, and also for use in irrigating said described lot from April 1st to October 1st of each year. This application contemplates that water equivalent to one-eighth (1-8th) of the combined flow from the springs will be consumed and that the remaining seven-eighths (7-8ths), after having passed through the fish ponds of the applicant, will be returned to the natural channel leading from said springs to Mill creek.

All protests against the granting of said application, stating the reasons therefor, must be made in writing and filed in this office after thirty (30) days and before sixty (60) days from the date hereof.

A. F. DÜREMUS, State Engineer.

First publication Feb. 26; last, Mar, 28th.
